## SOMETHING ABOUT HARDWARE

You don't buy Hardware with the same frequency that you buy Groceries, and if you buy the wrong kind you have bought a trouble that lasts a long time.

The essential thing about buying Hardware, then, is to know that it is good. That brings you here, for the least skillful buyer can come here and be sure that what he buys here is good, because—we make it good. One of the noteworthy points of our store is its solid reliability. People who come here in response to our printed announcements find the advantages we offer. Our qualities, our low prices, our splendid assortments are facts, not theories. Because of the prevalence of these facts in our establishment our customers come to us in constantly increasing numbers, and our firm adherence to these facts is the best guarantee that could be offered for our merchandise. If It's Hardware, We Have It.

### HIGH SCHOOL OPENS.

Prof. Hand Present, Urges 11th Grade--215 Enrolled First Day.

The Kingstree Graded and High school opened its session of 1911-12 Monday morning with an enrollment of two hundred and fifteen pupils. This number exceeds the enrollment of last year, or any previous year, at the beginning of the session, and will be further increased during the next few weeks.

The exercises were opened with prayer by Rev W E Hurt and Scripture reading by Rev W P Meadors. After several songs by the school, Supt Swittenberg introduced Prof W H Hand, State High School Inspector, who made an interesting address on the advantages of adding an eleventh grade to the school here. Such a grade, he stated, would practically cover the Freshman course in most of the colleges of the State, and besides add dignity to our school.

Prof Hand said many things complimentary of the Kingstree school, adding that he never passed through on the railroad that he did not look with pride at our splendid building. He believed while we had done well in the past, we would do still better for the future by the addition of another grade to the school.

The following are the teachers for the ensuing term:

First grade—Miss Agness Erckman.

Second and third grades—Miss Alma Davis.

Fourth and fifth grades—Miss Jimmie Britton (for two weeks only, until a regular teacher can be secured).

Sixth grade—Miss Annie Reeves.

Seventh grade—Miss Margaret Youmans.

Eighth and ninth grades—Miss Leila Walker.

Special—Miss Isabel Harper.

Music—Miss Estelle Campbell.

Superintendent—J W Swittenberg.

### BIG REAL ESTATE DEAL.

One Acre Town Lot Sells for Sixty-Three Hundred Dollars.

One of the biggest deals in town real estate that has been pulled off here lately materialized last week when the Kingstree Hardware company and the People's Mercantile company jointly acquired by purchase the lot on Hampton street owned by Dr W V Breckinton, including his dwelling and out-buildings. In the transfer to the aforesaid parties the consideration, we understand, was \$6,300. The lot contains about one acre. Sixty-three hundred dollars for one acre of land in a town of less than 1,500 population—how is that for fancy prices for real estate? Moreover, this lot is not even in the business part of town, though it is presumed that the new owners of the property will make it a business street, as the two concerns are both "live wires" in a business way.

The present trend of business is toward the railroad station and this will give an opportunity for expansion in a new direction, out of the well-worn rut of Main and Academy streets.

Here's success to the two wide-awake concerns behind the enterprise.
